

Software Application Programmer

“Solutions”, Inc. is looking for qualified individuals to handle User Interface (UI) design, core logic design and testing. Experience in some of the following languages is desired. SQL, JavaScript, HTML, CSS, C, C++, C#, XML, PHP, Python, Perl, Ruby and Free format RPGLE. Candidate needs communication skills with the ability to be understood by their peers and end users while working individually and as part of a team.

A Software Development or Computer Science Degree is preferred, but not required. Will accept entry level, with a 2 or 4-year degree or equivalent experience. A valid driver’s license is preferred as occasional travel may be required.

“Solutions”, Inc. is a Business Partner with a select group of Technology Companies including IBM, Lenovo, and HPE. We specialize in IBM i, Microsoft & Linux Servers and PC Networking. Located in Spencer, Iowa, we are only 25 miles from the Iowa Great Lakes and have customers with locations in every part of the state of Iowa.

Relocation to the Spencer area is required if you are entry level. If you have extensive RPG/IBM experience, a remote position may be considered (with the correct skill set).
